One Year Prediction

As the planets move around the Great Circle of the Zodiac they pass through the 12 areas known as 'houses', each of which represents a different sphere of human life.* The moving planets also form angles or aspects with the positions of the planets in your birth chart. These planetary movements are called 'transits'.

Sometimes a planet appears to move backwards through the Heavens which is known as 'retrograde' motion, thereby repeating the aspects it makes to the planets in your birth chart. A retrograde planet is similar to the sensation experienced when you are on a train which overtakes a slower train, making the slower train appear to be moving backwards.

Your predictions for the year ahead should be used as a helpful guide only. Events in your life may vary from the ones outlined in this forecast. While the planets do not dictate your future, they do provide crossroads and signposts to guide you on your personal voyage through life, helping you to make the right decisions, at the right time, and in the right frame of mind. At all times it is for you to choose the best path to follow, and to develop the most positive elements of your personality.

*When the time of birth is not known, a Midday chart is produced, which makes it impossible to include the house transits in the report or to accurately determine your Ascendant (Rising Sign) position.

From about: 1 May 2016 to about: 10 September 2016

♂ in 2nd House

Mars is Transiting your Natal Second House

This is a time when material possessions will assume more importance than usual and you will gauge your self worth by your financial position. Much energy will be ploughed into making money. However, being equally extravagant, money will flow out as quickly as it flows in. Beware making impulsive purchases which you will neither need nor like in a few weeks time. You will fight for the things that you value with persistence and determination that is second to none, but there is also the potential for disagreements regarding finances.

From about: 1 May 2016 to about: 17 August 2016

♃ in 11th House

Jupiter is transiting your Natal Eleventh House

Companionship will be of particular importance to you now, and you will become more involved in social or group activities. Working in a team effort would now benefit you more than trying to go it alone. You need to be surrounded by people so that you can learn more about yourself through them. Friends will be more supportive than usual, and could bring you luck in some way. Generosity towards friends will increase, perhaps surprising them with small gifts, throwing a party or simply by being there with a sympathetic shoulder to lean on.

From about: 1 May 2016 to about: 14 December 2016

♄ in 2nd House

Saturn is Transiting your Natal Second House

Expect added financial responsibilities and burdens. This is a time when you will probably have to make do with less, when your resources are likely to be stretched to the limit. Feeling insecure about your financial situation, there is also the danger of taking unethical short cuts to make quick money. However, this is a good time for assessing what is important to you and what you really value. You may have to let go of some material, spiritual or emotional values which may be standing in the way of personal growth.

From about: 1 May 2016 to about: 30 April 2017

You can expect the unexpected in partnerships, even stable relationships may be disrupted. You will now demand greater freedom and personal space to pursue your own goals and ambitions. You will also be intensely idealistic in romance, willing to sacrifice all for love or being content to worship from afar. No real person could possibly measure up to the romantic standards you will now set. With children, also, there may be an element of sacrifice. Perhaps you will feel that you have to give up your own aspirations for the sake of your children; or your children are not living up to your expectations. Beware unwanted pregnancies.
