One Year Prediction

As the planets move around the Great Circle of the Zodiac they pass through the 12 areas known as 'houses', each of which represents a different sphere of human life.* The moving planets also form angles or aspects with the positions of the planets in your birth chart. These planetary movements are called 'transits'.

Sometimes a planet appears to move backwards through the Heavens which is known as 'retrograde' motion, thereby repeating the aspects it makes to the planets in your birth chart. A retrograde planet is similar to the sensation experienced when you are on a train which overtakes a slower train, making the slower train appear to be moving backwards.

Your predictions for the year ahead should be used as a helpful guide only. Events in your life may vary from the ones outlined in this forecast. While the planets do not dictate your future, they do provide crossroads and signposts to guide you on your personal voyage through life, helping you to make the right decisions, at the right time, and in the right frame of mind. At all times it is for you to choose the best path to follow, and to develop the most positive elements of your personality.

*When the time of birth is not known, a Midday chart is produced, which makes it impossible to include the house transits in the report or to accurately determine your Ascendant (Rising Sign) position.

From about: 12 August 2016 to about: 11 October 2016

 in 5th House

Mars is Transiting your Natal Fifth House

Social activity should now increase. You will have plenty of energy, but very little self discipline. Bored with life's daily routines, you will now seize any chance to have a good time. With creative energy running high artists, writers, musicians and performers will work harder and feel more inspired than usual. Sexual passions will also be running high, but a strong independent streak in your approach to love relationships may also cause some conflict. As a parent, you may now feel that your family commitments or children are restricting your freedom. Therefore this, combined with excessive energy, could cause arguments. Keep both your children and yourself physically active, but away from danger.

From about: 1 May 2016 to about: 17 August 2016

 in 2nd House

Jupiter is Transiting your Natal Second House

An excellent time to make major investments, buy possessions of lasting value, such as property. Cash flow should also improve, but you will probably spend more than usual. It is also a time of increased self-awareness through taking more responsibility for material resources and possessions.

From about: 1 May 2016 to about: 30 April 2017

♄ in 5th House

Saturn is Transiting your Natal Fifth House

You may now feel inhibited or unable to spontaneously enjoy yourself, for fear of looking silly. Social life may therefore not be as active as usual. Children could restrict you or become a heavy responsibility. Relationships and love affairs may also become strained. Any new love in your life may be someone much older or a lot younger than yourself. Avoid gambling and risk taking, at the moment success will only come as the result of hard work. Work involving creative interests and artistic pursuits should be particularly successful.

From about: 1 May 2016 to about: 30 April 2017

♅ in 9th House

Uranus is Transiting your Natal Ninth House

The search for truth will be of interest to you now and you will probably feel the need to break free of old beliefs and find new philosophical or religious ideals by which to order your life. If you keep an open mind, you will learn a great deal. You will also be able to bring exciting new concepts and ideas into whatever field you are working or studying in, although your eager search for knowledge may cause you to suddenly abandon the work you are doing before it is completed. Travel in foreign lands, and meeting people of other cultures could be particularly exciting now, possibly even dangerous. There is also the possibility of surprising events involving people from different backgrounds or cultures. Avoid legal confrontations.

From about: 1 May 2016 to about: 30 April 2017

♆ in 8th House

Neptune is Transiting your Natal Eighth House

You will now need to be completely open and honest with anyone you are involved with. In business and financial matters, in particular, you will need to take care that everything is open and above board, or you may find your financial resources slipping through your fingers. This is not a good time to borrow money. Beware deception regarding shared finances, tax, inheritance or insurance matters. Religious interests and matters of life after death may deepen; or you could be asked to handle or manage the property of someone who has died.

From about: 1 May 2016 to about: 30 April 2017

♇ in 6th House

Pluto is Transiting your Natal Sixth House

The state of your health is now likely to change or health habits may change - eliminating the bad and introducing good. Any illness should be examined to see if it is connected to some other part of your life, or the result of hidden emotional problems or conflicts. There may also be tremendous changes in your job or work environment. You will be conscientious and hardworking, with added willpower that enables you to struggle against all the odds. However, your determination could become obsessive and at times, even destructive. Beware power struggles.

From about: 15 May 2016 to about: 16 June 2016

♃ ♀ ♀ **Start of new 11-12 year period of 'believing in love'**

Transiting Jupiter Conjunct your Natal Venus

During this period you will sort smooth out any problems in personal relationships. You have had enough of upheavals, changes and unnecessary arguments, and now crave some peace and quiet.

You may be called upon to give emotional or financial support to a close friend, lover or member of the family that is quite a turn-around because recently you have been the one who has needed other people to lean on.

But at last the burdens and troubles of the past seem to be fading away and now you will enjoy being and talking with friends. Your social life should improve, and you may even decide to throw a party.

Love and romance will emanate warmth, tenderness and security. Just for now you seem to have found the perfect balance between freedom and commitment. Past problems of jealousy, envy and pettiness will disappear.

It is going to be hard to resist the temptation to spend lots of money on beautiful objects, either for the house, or personal objects like clothes and adornments. But cash flow is still likely to be somewhat unsteady, so do not waste and squander money on items that will just end up sitting in a drawer.

Beware over-indulgence in food, drink, drugs, whatever your poison. By all means, enjoy yourself but remember 'everything in moderation'.

From about: 1 May 2016 to about: 10 June 2016

♃ ♀ ♀

Transiting Jupiter Trine your Natal Mars

During this time, you will put others before yourself and will be seen as self-confident, sympathetic, generous and optimistic. You may devote time and energy to helping those less fortunate than yourself; or simply by having a strong shoulder for a friend in need to lean on. Past grudges should now be forgiven, forgotten and well and truly buried.

This would be an excellent time to start anything new. Feeling restless, adventurous and extremely receptive to new ideas, you will now be looking to do something completely different and whatever you do start during this time should turn out well. Business deals should be particularly profitable around now.

Freedom and a sense of independence will also be of importance to you so there will be the temptation to break free of any restrictions whether personal or professional, which are seemingly holding you back and keeping you stuck in a rut.

However, putting other people's needs before your own, you will not be selfish in whatever action you take. If you are going to break free, then it will be done in such a way as to consider other's feelings. In fact, during this time, new exciting and unusual friendships could be formed.

Some pleasant news or a small unexpected windfall may also come your way as a sort of 'thank you' for help given in the past - long forgotten by yourself, but not by the recipient. All good things come to those who truly deserve them.

From about: 21 October 2016 to about: 9 November 2016

♄ ☐ ♀

Transiting Saturn Square your Natal Venus

To say that you have had a better time in love relationships would be an understatement. Tension, conflict, friction they are all words to describe the way you are now likely to be feeling towards a partner. If there have been problems, which have been bubbling away beneath the surface, are now likely to erupt, and if the differences are irreconcilable, then the relationship may come to an abrupt halt.

However, a strong and basically secure relationship built on firm foundations could survive this rather turbulent period and although by the end of all the emotional combat you both emerge somewhat 'worse for wear' you will also emerge with a stronger understanding of each other's needs and a love which will survive against all odds.

This unsettled, restless and impulsive conduct could affect all areas of your life, not just your love life. Work, career, relationships with friends and family they are all now vulnerable to a sense of anxiety and tension. You are now likely to feel that you just cannot be bothered with all the pressures and responsibilities that life throws forward on a daily basis. However, when planning your escape route, be sure that your plans are carefully thought out or the escape route could lead you down dangerous paths. If badly planned tunnel walls collapse, then feelings of restlessness could turn into lonely helplessness.

From about: 21 January 2017 to about: 17 March 2017

♆ ♀ ☾ **Once in a lifetime start of a new 'cycle of compassion'**

Transiting Neptune Conjunct your Natal Moon

This is a time when you will put friendship and love of others before your own materialistic needs and desires. You will be more concerned with helping friends, family or colleagues who come to you seeking help, support and advice. Around now, you may also find yourself involved in more activities and new interests which revolve around a large circle of friends or some kind of club, group or association.

Emotional confusion and moodiness is likely to drain your energy and physical vitality during this time, leaving you poorly prepared to cope with daily problems, responsibilities and pressures. Therefore, many of you will now choose to escape into a fantasy world of daydreams hoping that if you hide far enough into a shell, nothing or no one could hurt you.

A secret from the past may now come to light, or an old flame may be rekindled. Either that, or memories which have been hidden well away in your subconscious will now resurface, and perhaps cause a certain element of pain and self doubt.

On the more positive side, this extreme sensitivity could reawaken your intuitive and psychic senses, increasing your receptiveness to everyone around you. At times, you will know what others are going to say before they have said it you will know who is on the end of the telephone line before you answer you will dream of friends and family, and then almost immediately hear from them. Do not be suspicious or frightened of this re-awakened psychic ability it is something you have always had but not necessarily consciously used to your own advantage.

Love relationships formed during this time are more likely to be based on idealism and not realism. Be careful not to place your new love on too high a pedestal, it may be after the magic and the spell has been broken, you will quickly become disappointed and disillusioned with their all too human imperfections and failings.

From about: 15 May 2016 to about: 20 May 2016
From about: 8 August 2016 to about: 12 August 2016

Transiting Mars Conjunct your Natal Saturn

You are now either going to be capable of extremely hard work, with a determination and energy to drive you onwards and upwards; or you will simply feel that no matter how hard you are trying you are getting nowhere fast. Patience will not be your strongest virtue. Watch your temper and possible clashes with authority figures.

From about: 17 May 2016 to about: 12 August 2016

Mars is Transiting your Natal Fourth House

There will be increased activity in and around the home. It is a good time to redecorate. However, hidden anger may now be dredged up from deep within your past. Feeling irritable, you may find yourself arguing about things you do not really agree with or fully understand. And if you do not understand what you are fighting for, then others certainly will not. Confused? You will be, with others equally confused. In particular, beware disagreements with your parents and close family. Property related matters might also cause turmoil. All this emotion could upset your health. In order to avoid digestive problems, do not eat when overwrought, tired or upset. Also beware accidents and injuries within the home, especially anything involving sharp instruments and fire.

Business deals and negotiations with others should go quite well during this time, as you will be able to communicate your needs in an assertive, confident and yet diplomatic manner. Physical activity such as sport could help burn off some extra energy, but most of your work now is likely to be of an intellectual nature. Writing letters, telephone calls, reading, studying should all take up much of your time.

From about: 14 June 2016 to about: 18 July 2016
From about: 7 September 2016 to about: 9 October 2016

Transiting Saturn Square your Natal Moon

This is a time when you will have to restore a sense of balance to your life especially the balance between emotional and personal relationships and work. In this regard, there are two possible options.

The first is that you have been neglecting your home life, lovers or friends and sacrificing personal relationships for the sake of your work and career. But you may now have to ask yourself is it worth feeling quite so isolated and lonely just to take that next step up the career ladder? Is it time to re-evaluate your priorities?

Now the second option comes into force if you feel that your personal relationships are holding you back and interfering with your ambitions. If this is the case then it is a romance not worth holding onto. This may be the time to make a break give yourself some breathing space to concentrate on your career and then find a partner who will offer the strength, help and support you need to forge ahead with making your dreams come true.

Either way whilst these changes are being made this could be a period of inner solitude and loneliness tempered with a bit of guilt stemming from painful memories from the past.

Parents and women in general may also present problems at this time.

From about: 20 June 2016 to about: 8 July 2016

Transiting Mars Trine your Natal Jupiter

During this time you will put others before yourself and will be seen as self-confident, sympathetic, generous and optimistic. Past grudges should now be forgiven, forgotten and well and truly buried. This would be an excellent time to start anything new. Business and financial deals should be particularly profitable.

From about: 6 July 2016 to about: 18 July 2016

Transiting Jupiter Square your Natal Uranus

Freedom will be very important to you now. Interference in both your personal and professional life will not be tolerated. Restrictions on your independence will seem equally intolerable.

Feeling restless, and perhaps a little bit tetchy it will be very difficult to settle down during this time. Mood swings will make your conduct unpredictable. Unexpected and major changes are likely to occur, these changes may be lucky breaks or they could be extremely disruptive to your daily routine.

Patience will be needed during this time, do not rush plans and ideas or fight against others and be negative for the sake of it. Put temporary brakes on any major financial or business plans whilst there is so much confusion concerning your future. Wait until the dust settles.

There may also be some conflict between your personal life and career with one seemingly interfering with the other. Be prepared to compromise and find a balance between these two important areas of your life.

From about: 17 July 2016 to about: 8 September 2016

♄ △ AS

Transiting Saturn Trine your Natal Ascendant

The next few weeks are likely to bring mixed blessings. Although the going may be tough this is the time when the tough will get going.

Additional responsibilities are likely to be piled upon you and may weigh you down considerably. You can try to lighten these pressures and responsibilities by disposing of unwanted things in your life but be careful not to throw out what is precious. At times it can be difficult to differentiate between what is good for you and what you really want.

You are now entering a new astrological cycle which will affect you for the next 8 years, so there is no need to rush decisions. Strong foundations need to be built with patience, care and precision. You may have to learn new skills, or even retrain for a completely new career. You could almost consider the experience that you have accumulated to date as a training period, which has been preparing you for the next 8 years ahead.

In business, it is time to wind up projects and deals, which have just been staggering along. It is time to cut your losses and concentrate on new contracts and propositions. The same goes for love affairs and personal relationships. Stable, happy and secure relationships will not be affected by these particular planetary transits, but outworn negative relationships will more than likely disintegrate.

From about: 29 July 2016 to about: 8 August 2016

♃ ♀ ♃

Transiting Jupiter Opposite your Natal Jupiter

Confidence will be your keyword during this period, you will feel as if you can handle anything and want to be taken seriously, believing that you deserve some praise and recognition. In short you will feel you can do whatever you want, nothing will be too big to tackle.

An added bonus will be that it will seem, as if by magic, that you will have the knack of being in the right place at the right time, saying the right things to the right people.

There is however, a danger of becoming a 'know-it-all'. A certain element of arrogance could prevent you from listening to the other person's point of view. Be aware of this possibility, and keep a level headed balance when voicing opinions.

Be careful not to over-extend or over-commit yourself. No matter how much you think you can handle, you are only human, and you will get tired from time to time. Make sure that you allow yourself some rest and relaxation.

In business, this could be the point in time when projects come to a head or a conclusion. Be ready to close potentially lucrative deals and do not let competitors catch you napping.

This period could be summed up in three words positive, restless energy. You may want to break away from your normal routine but think carefully before rushing headlong into action.

Problems with colleagues at work, or people in authority, are possible. Through exuberance and over-enthusiasm, you may give the impression that you want to achieve too much too quickly, they may see you as a threat to their own jobs and therefore try to block your path of progress. Either reassure them that you are no threat or lay your cards on the table.

From about: 15 August 2016 to about: 5 November 2016

Transiting Pluto Trine your Natal Venus

You will now be looking deep into your heart and soul for answers to questions especially those relating to personal and love relationships. Up till now, you may feel as if you have only been skimming the surface, but with this new inner understanding, your intuition will help guide you towards the right path. This is a time when your mind will perfectly blend with your emotions.

This level of understanding will affect every area of your life, business, finance, but most of all, your personal relationships. Any new relationship starting during this period will have a deep, long lasting effect on your life. This could be romance, but it could also be a new and meaningful friendship. Feeling more secure about who you are, and what you want from life, relationships should now be more secure and more emotionally rewarding.

Health should improve and feeling energetic you may even take up a new sport or physical regime. Up until now you have just been talking about getting fit now you will actually do something about it. This would also be an excellent time to kick damaging health habits such as smoking, over-eating or over-abusing drugs and alcohol.
